

Secondary Source Analysis Worksheet

Name: _____ Date: _____

A secondary source of information is one that was created later by someone who did not experience first-hand or participate in the events.

Instructions: As you read your document, remember that secondary sources do not just present facts – they provide an *interpretation* of events. Look for the ways that the author presents his or her interpretation.

What is the title of the document? _____

Who is the author? _____

Who is the author's intended audience? _____

What topic is the author addressing in this work? _____

List some facts given by the author: _____

List some opinions given by the author: _____
